

ANNOUNCEMENT

Online Accomplishment of Forms for Overseas Voter Registration through *iRehistro*

The Philippine Embassy in Madrid is pleased to announce that Overseas Voting (OV) registrants may now accomplish the voter's registration form through *iRehistro* platform which allows applicants to accomplish the forms in advance, prior to coming to the Embassy for the capturing of biometrics (photograph, fingerprints and signature). Using the said platform will shorten the registration process which is essential during this time of Covid-19 pandemic.

The *iRehistro* can be accessed through the link below:

<https://irehistro.comelec.gov.ph/irehistro/ovf1>

OV registrants should fill up and print the form together with the QR code generated and present it to the embassy from Monday to Friday between 10:00a.m. to 4:30p.m.

OV registrants are reminded that the registration for the 2022 election is until 30 September 2021 only.

Thank you.
